I'm desperate to know how you are
I'll be deep asleep
I've been awake for days
I'm tryin' to study
Every inch of your body
In this picture
From a distant day
When I could safely say
Nothing in this world
Could tear me down in any way
But like a dream
You dissapeared
Without a sound
Without a trace

Sleep well, darlin'
Where ever you are
I hope that you're happy tonight
And maybe you found someone to have you right

Sleep well, darlin'
I'm desperate to say
Now I need you more than ever
But all I can say was goodnight

This is for a girl back home
She tore down all my walls
Left me for all she'd known
But I pushed it all away from me
And I don't know
Even if i knew
Even if i knew what to say to you
It's just to late to make you stay
I'm sick of fighting
This broken fate
If someone else gets to tell you
That you're beautiful

Sleep well, darlin'
Where ever you are
I hope that you're happy tonight
And maybe you found someone to have you right

Sleep well, darlin'
I'm desperate to say
Now I need you more than ever
But all I can say was goodnight

It's the last thing I want
But it's all that I've got
It's the last thing that I need
But it's to carry you in my heart

It's the last thing I want
But it's all that I've got
It's the last thing that I need
But it's to carry you in my heart
In my heart

Sleep well, darlin'
Where ever you are
I hope that you're happy tonight
And maybe you found someone to have you right

Sleep well, darlin'
I'm desperate to say
Now I need you more than ever
But all I can say was goodnight
