Please, please, please mother of my soul
would you please come around when I'm alone
through th? things I've done
ali my best I could do, was:
comin righi io th? seeds of your love.

Please, please, please mother of my soul
would you please come back when I'm fine
fine with people in th? world
We'll come next to you
and together we'll sing:
we love you.

O Regina del cielo,
madre di bont? io affido a te l'umanit? intera
proteggila ogni giorno
sotto il tuo celeste manto
Madre d'amore ti prego ascolta
la mia voce, salva il mondo intero
dall'ingiustizia e dal dolore
dall'odio e da ogni guerra
Madre della mia anima
Madre del mio cuore.

Please, please, please mother of my soul
would you please come around when I'm alone
through th? things I've done
ali my best I could do, was:
comin righi to th? seeds of your love.

Please, please, please mother of my soul
would you please come back when I'm fine
fine with people in the world
We'll come next to you
and together we'll sing:
we love you.
