I feel you
I need you close to me
Sometimes you make me feel, me feel
like you're so far away, hey baby
All this madly love is so crazy
You use to love the way I love you
And do you remember...

Forget the world, the world is a dream
I only live when you're into me
You are my soul
God only knows
I can't let you go

Do you belong,
do we belong to one another
Say yes to my song
I taste forever
Do you remember...

You're my women
and you're my lady
Someday, we'll be falling in love again, Ooooooh

(Someday, sometime maybe)

Don't let us crash
Lay close to me
Keep out the thoughts,
just try to breathe
Stay in my skin to my last time day
I can't let you go

Do you belong
do we belong to one another
Say yes to my song
I taste forever
You're my women
and you're my lady
Someday, we'll be falling in love again, Ooooooh
Hey, I'll be falling, falling for you

and you'll be falling for me
And I remember
Do you remember...
do you remember love

Say yes to my song
I taste forever
You're my woman
Yes you're my lady
Someday, we'll be falling in love again, Ooooooh
Hey, I'll be falling, falling for you
and you'll be falling for me
Do I remember...
do you remember love, Ooooooh

Yea well why do I feel like I'm losing my mind
Why do I feel like...I'm...caught
