Oh break I,
Oh I wish I knew
It's late and I'm confused
I'm tired of feeling like I abuse you
I know these days
would make me crawl
God please don't let me fall.

This time,
I'll be your silhouette
and I'm fading into you.
This time,
I'm in your solitude.

I'm an ocean dweller...
and I'm in my symphony
of uncertainty
But there's plenty
about weather in my head
In my head the sky
is changing for you and me
I create the breed, now I see
I know these days
you make a man fall
But I ain't about to crawl.

I know these days
you make one moment fall
Please, don't make me fall
I ain't about to broke
So I'm late for loving you
Late for loving you.

This time,
I'll be your silhouette
and I'm fading into you
This time,
and I'm your silhouette
and I'm fading into you
I'm in your window
I'm trying to find a way through, yea yea
Fading into you
