i need, i need your love, like the flowers need the sun
to grow and reach the sky. let us try to be as one
i need to feel your love, i need you deep inside
put me on your rocket ship, and take me out of sight

i see stars
can you see them too
i see stars
can you see them
i see stars
can you see them too
i see stars
can you see them

i need, i need your love, like the flowers need the sun
to grow and reach the sky, let us try to be as one
i need to feel your love, i need you deep inside
put me on your rocket ship, and take me out of sight

i see stars
can you see them too

i need, i need your love, like the flowers need the sun
to grow and reach the sky, let us try to be as one
i need to feel your love, i need you deep inside
put me on your rocket ship, and take me out of sight

i see stars
can you see them too
i see stars
can you see them
i see stars
can you see them too
i see stars
can you see them
