Funny, it's time  
Things ain't going right, oh harmony  
Don't know how you get by  
Feels like frozen time  
You wake up the moment into your surprise  
You got hope and you're alright

You're so close, you're so tight  
When the ice melts so right  
You got a sparkle, baby  
She says you need to be afraid  
You see age don't matter  
Not you see, it's never too late

'Cause when you feel love, Ms Harmony  
Oh, you deserve everything you dream  
'Cause when you smile at me, ooh Harmony  
Heh, you light all the world with your energy  
Oh, baby

You walk with your head high  
You only take what's right, oh Harmony  
I know just what you need  
New job, brand new car  
It feels like you're going far, oh Harmony  
You're a flower in bloom

Out with the old, in with the new  
Walk away from what all those men did to you  
Now you're light on your feet  
And now every man touch their head  
To get a better look

'Cause when you feel love, Ms Harmony  
Oh, you deserve everything you dream  
'Cause when you smile at me, ooh Harmony  
Hey, you light all the world with your energy, oh

'Cause when you feel love, ooh Harmony  
You deserve everything you dream  
'Cause when you smile at me, ooh Harmony  
Hey, you light all the world with your energy

Oh, baby

'Cause when you feel that your loving, alright  
Oh Harmony, come and love me tonight, alright  
Alright now, alright
