I met this pretty girl  
She was from DC  
I liked the way that she smiled

Said "there's a party tonight  
You wanna come with me?"  
She said "Baby I'll try."

I waited home alone  
For her to walk in  
For her to bring me her light

Then she came in the room  
She looked right at me  
She was the vision of my life

Chorus:

(My life) Everything is wonderful  
(My life) The sun has started shining so bright  
(My life) Just like it's supposed to go  
(My life) And it's just getting started tonight

You and me we're living the dream tonight  
You and me we're living the dream alright  
You and me we're living the dream tonight  
You and me we're living the dream alright  
I'm in the perfect place  
Can't wipe the smile off my face  
Ain't nothing bringing me down

I feel like clapping my hands  
I feel like stomping my feet  
I feel like grooving all night

Put your body close to me  
Pick up you can feel my energy  
Charge up on the floor and get hot with me  
(You and I celebrate God)

Around me now  
You couldn't stop it so just  
Treat this like no other day cause I'm  
Having the time of my life

Chorus:  
Everything is wonderful  
The sun has started shining so bright  
Just like it's supposed to go  
And it's just getting started tonight

You and me we're living the dream tonight  
You and me we're living the dream alright  
You and me we're living the dream tonight  
You and me we're living the dream alright

Bridge:  
Take it to the sky  
Like never before (like never before)  
And we'll land right on the moon  
Like never before (like never before)

Na na na na na na (baby)  
Na na na na na na (life feels so good)  
Na na na na na na (yeah)  
Na na na na na na (it feels so good)

Chorus:  
Everything is wonderful  
The sun has started shining so bright  
Just like it's supposed to go  
And it's just getting started tonight

You and me we're living the dream tonight  
You and me we're living the dream alright  
Repeat and fade
