Ohhhh Baby

Come on baby, Come on now

Sidestep

Hey, Don't you sidestep my love

Huh

They say it aint about your car and your house  
Or the money you make and how it all goes down  
I think that its about keepin ones you love near  
That's why im on the hop thinking you should be here  
Maybe I should hurry up get by your side  
Follow you around just be on your time  
Or maybe I should just leave you behind  
Maybe Im keeping you from a chance at a better life

Oh

Then I call you and I come out and tell you straight up  
Baby I, I need your love

And you go sidestep, Pull me around  
Put out your hand, Put me on down and I  
Wanna know why, why you don't need my love  
Then you go sidestep, Swing me around  
Put out your hand, Put me on down and I  
Wanna know why, why you aint in no hurry for my love

Oh

Hmmm  
You aint in no hurry

Baby  
That makes me worry

On the telephone telling me tired of being alone  
But we staying up allnight  
Talking about I aint doing right

Baby come on

Oh and when I open up and straight up tell you  
Baby  
A man needs love too

Then you go sidestep  
Spin me around, Put out your hand  
Put me on down and I, Wonder why you aint  
Aint in no hurry for my love

Come on now

Oh  
Hey baby  
Sidestep  
Hey

Come on baby  
Come on Now

Hey Sidestep Hey  
Don't you sidestep my love

Come on baby uh

I drop everything and cancel my plans, uh  
And I come to you hat in my hand  
Hoping we can find a new way to understand babe  
And maybe we can be a better woman and man

Come on now

Oh I need you cause you're my best friend  
But I can't believe it, here we go again

When you go sidestep  
Pull me around, Put out your hand  
Put me on down and I, Wanna know why  
Why you don't need my love  
Then you go sidestep  
Swing me around, Put out your hand  
Put me on down and I, Wanna know why  
Why you don't need my love

Ooohh

Sidestep  
Swing it around, Put out your hand  
Put me on down and I, Wonder why you aint  
Aint in no hurry for my love

Come on baby

Yeah all right  
Oh Sidestep huh

Come on baby

Come on now

Sidestep hey  
Swing it around, Pull it on down

Come on

Don't you sidestep my love
