Yeah robin thicke, you know how this goes!
Come on come on,
Now you feel like a pip, now you got everything you
want
No wonder
Come on come on
'Cause never give up, now you're singing that song all
summer.

I'm on top of world, top of the world
I'm on top of world, top of the world
I'm on top of world, top of the world
I'm on top of world, top of the world

She was a little girl, peaked on the school
Yeah she has funny teeth, all the kids called her toothy!
Years later when her mom got sick she did everything
she could
But moma won't...
She didn't stop working different jobs,
That put it to community...
Waitress, retail, hot dogs on the street
Telling herself that it won't end like this.
She the ball, she the ball, she the ball
You see her running you don't know what the cause,
She the one with the smile on her face
'Cause she won't give it...

Come on come on,
Now you feel like a pip, now you got everything you
want
No wonder
Come on come on
'Cause never give up, now you're singing that song all
summer.

I'm on top of world, top of the world
I'm on top of world, top of the world
I'm on top of world, top of the world
I'm on top of world, top of the world

And she will find love if she can...
Somebody to hold her...
But she's a little hard with the bros, she says goodbye
goodbye
For it's hello, hello
Uh, before you say a word you better have a breath...

Come on come on,
Now you feel like a pip, now you got everything you
want
No wonder
Come on come on
'Cause never give up, now you're singing that song all
summer.

I'm on top of world, top of the world
I'm on top of world, top of the world
I'm on top of world, top of the world
I'm on top of world, top of the world
