I'm not gonna say a word
To make you walk out the door
And I'll never break your heart
Or make you make not love me more baby
We fit so good together
Everyone says they've never seen better babe
We got the world in our hands
You're my lover and my best friend

And we are a family
You are my everything
We are a family (woah woah)
You and me and baby makes three (woah woah)
We are a family (family)
You are my everything (you and me)
We are a family (family)
You and me and baby makes three (you and me)

If you ever feel like
I'm not holding up my end (holding up my end)
Tell me baby I'll fix it good
I wanna be your perfect man
The way that we laugh together
The way you dress
Missy try this sweater babe
We've got the world tonight
Waking up next to you feels so right

And we are a family
You are my everything
We are a family (woah woah)
You and me and baby makes three (woah woah)
We are a family (family)
You are my everything (you and me)
We are a family (family)
You and me and baby makes three (you and me)

Wooo ooo
Family (we a family)
You and me (we a family)
Family (we a family)

You and me (we a family)

Family
You and me
