Do u know  
What I think about all these nights  
When I can?t sleep  
Sleep at all  
Oh slowly  
I close my eyes  
My thoughts they fly away to you  
No matter what I do  
And wish I could turn back time  
Back to the time when you were mine  
And I wish  
I wish the day, the day you went away  
Never happened baby  
I wish the stars, the stars and heaven  
Would come down to me  
So I could give them to you  
And tell then would u be  
loving me like I wish

And it?s so hard  
When you love someone this much  
But you just don?t know how  
How to love him the right way  
If you could see  
What you?ve done to me  
What you?ve done to my heart  
What you?ve done to me soul  
Baby all of my mind and all of my body  
Then you should know  
Why I can?t let go  
And baby I  
I wish the day, the day you went away  
Never happened  
I wish the sars, the stars and heaven would come down  
to me  
So I could give them to you  
And tell me then would you be  
Loving me like I wish

I don?t know what you want me to do  
To prove my love is real for you

I don't know what you want me to say baby  
There is no if's or maybe's  
All I want is you  
Cause baby you are my only wish  
Oooo, my only wish
