I'm going backwards through time at the speed of light
I'm yours ? you're mine ? two satellites, not alone
No, we're not alone
A freeze-frame of your eye in the strobe light
Sweat dripping down from your brow, hold tight
Don't let go, don't you let me go

And I never was smart with love
I let the bad ones in and the good ones go
But,
I'm gonna love you like I've never been hurt before
I'm gonna love you like I'm indestructible
Your love is ultra magnetic and it's taking over
This is hardcore and I'm indestructible

Hands up in the air like we don't care
We're shooting deep into space and the lasers split the
dark
Cut right through the dark
It's just us, we ignore the crowd dancing
Fall to the floor ? beats in my heart
Put your hands on my heart

And I never was smart with love
I let the bad ones in and the good ones go
But,
I'm gonna love you like I've never been hurt before
I'm gonna love you like I'm indestructible
Your love is ultra magnetic and it's taking over
This is hardcore

Uuh,
I'm gonna love you like I've never been hurt before
I'm gonna love you like I'm indestructible
Your love is ultra magnetic and it's taking over
This is hardcore and I'm indestructible

And I never was smart with love
I let the bad ones in and the good ones go
But,
I'm gonna love you like I've never been hurt before
I'm gonna love you like I'm indestructible

Your love is ultra magnetic and it's taking over
This is hardcore
Uuh,
I'm gonna love you like I've never been hurt before
I'm gonna love you like I'm indestructible
Your love is ultra magnetic and it's taking over
This is hardcore and I'm indestructible
