Do you know, what i think about all these nights
When i can't sleep, sleep at all.
Oh slowly, I close my eyes
My thoughts they fly away to you
no matter what i do
And i wish, i could turn back time
back to the time when you were mine

I wish, I wish the day, the day you went away
never happened baby..
I wish the stars, the stars in the heavens
Would come down to me
So i could give them to you
and tell me then would you be
Loving me, Like I wish?

And it's so hard
when you love someone this much
but you just dont know how
How to love them the right way
If you could see
what you've done to me
What you've done to my heart
What you've done to my soul
Baby all of my mind
And all of my Body
Then you should know, why i can't let it go

And baby I
I wish, I wish the day, the day you went away
never happened baby..
I wish the stars, the stars in the heavens
Would come down to me
So i could give them to you
and tell me then would you be
Loving me, Like I wish?

I dont know what you want me to do
To prove my love is real for you
I dont know what you want me to say baby
there is no if's or maybe's

all i want is you cus baby you are
My only wish,
OoH My only wish.
