Did you think I'd leave you down  
I know you didn't think that I was gonna change  
I know, I know  
But still the way you make it sound  
Like I was gonna put somebody in your place  
I won't, i won't  
Cause you and me and misery  
Can never miss and never meet  
The way it is  
Just like a kiss  
Between my lips  
There's only bliss  
Coz even though  
I let you know  
That things are bad  
Just let it go

It's not the end  
I'm still your friend  
I'm still your friend  
I'm still your girl

If you're looking for somebody  
To take away your heart ache  
Let me be the one you got  
When you need to free you're heart  
And no matter what they say  
I will guide you on your way  
Yeah baby I just wanna make it all right  
Make it all right

I don't wanna steal your crown  
I just wanna let you know that I'm around  
When things come crashing down  
And even when it's pain you feel  
I just wanna keep it real  
Don't you know, don't you know  
Cause you and me were meant to be  
Eternily through anything  
Anytime and anyplace  
An empty room, you fill the space

And when at times you feel like crying  
Just let it go  
It's not a crime  
It's still our world  
I'm still your girl  
I'm still your girl  
I'm still your girl

If you're looking for somebody  
To take away your heart ache  
Let me be the one you got  
When you need to free you're heart  
And no matter what they say  
I will guide you on your way  
Yeah baby I just wanna make it all right  
Make it all right

I can see it in your eyes  
Someone took away your shine  
Though your hearts in a prison  
You still got it inside  
And when you put a wall around  
I'm just gonna break it down  
And though I can hurt you  
At times don't deserve you  
It's still our world  
And I'm still your girl

If you're looking for somebody  
To take away your heart ache  
Let me be the one you got  
When you need to free you're heart  
And no matter what they say  
I will guide you on your way  
Yeah baby I just wanna make it all right  
Make it all right  
If you're looking for somebody  
To take away your heart ache  
Let me be the one you got  
When you need to free you're heart  
And no matter what they say  
I will guide you on your way  
Yeah baby I just wanna make it all right  
Make it all right
