Hey girl give it a break you wear it all to much
You don't know what you want
You do, then you don't I've had enough
If you feel like we could go out
It be so fun, alright
And you call your boyfriend he'll be alright

All because the boys
We don't hang anymore like we used to before
All because the boys
Is the freak that I knew til she turned 32
All because the boys
We just lost all the fun
All because the boys
All because the boys

Hey girl where did the fun go
Are you all dried up?
Lose enough to complete
Don't take yourself so serious
Is the girl that I used to call whenever my light went out
And we used to shine like a neon light

All because the boys (yup)
We don't hang anymore like we used to before
All because the boys
Is the freak that I knew til she turned 32
All because the boys
We just lost all the fun
All because the boys (What?)
All because the boys

We used to 123 234 work that booty down to the floor
We used to go to far Then come back
Stir it up and then give it a shake
We used to work it out
Work it out
You and me girl we used to work it out
Work it out
Work it out
You and me girl we used to work it out

All because the boys
All because the boys
What's his name
All because the boys
I think your too nice to him

All because the boys
We don't hang anymore like we used to before
All because the boys
Is the freak that I knew til she turned 32
All because the boys
We just lost all the fun
All because the boys (cause the boys)
All because the boys
