Do you know what I think about all these nights when  
I can't sleep sleep at all  
Slowly I close my eyes  
My thoughts they fly away to you no matter what I do  
I wish I could turn back time  
Back to the time when you were mine  
I wish  
I wish the day the day you went away never had  
happened baby  
I wish the stars the stars in heaven would come down to  
me  
So I could give them to you  
Tell me then would you be lovin' me like I wish  
It's so hard when you love someone this much  
But you just don't know how, how to love him the right  
way  
If you could see, what you've done to me  
What you've done to my heart,  
what you've done to my soul my baby  
All of my mind and all of my body then you should  
know  
Why I can't let go and baby I  
I wish the day, the day you went away never had  
happened baby  
I wish the stars, the stars in heaven would come down  
to me  
So i could give them to you  
Tell me then would you be lovin' me like I wish  
I don't know what you want me to do  
To prove my love is real for you  
I don't know what you want me to say baby  
There is no if's or maybe's  
All I want is you 'cause baby you are my only wish
