Konichiwa records

It's gonna be OK

OK

OK

Hey little star don't be afraid

We all fall apart and make mistakes

Don't you know that nothing ever seems to make sense

You put your dancing shoes on and do it again

You know I believe it if you say you can

So when you feel like it's all pretend

Then you look into my eyes

Just say, one true thing like you mean it and

Baby just look into my eyes

(Little star)

The sun's gonna shine on all of us

We're all the same - stardust and stuff

You're just a little boy and I'm just a little girl

Programmed rebels in a cruel, cruel world

We never get what we deserve

So when you feel like it's all pretend

Then you look into my eyes

Just say, one true thing like you mean it and

Baby just look into my eyes

And though I bet you think it's better on the inside

There with them

We're better off outside looking back in

I know you think you're lost but you think again

When you look into my eyes

(Okay)

Hey little star

Come take my hand

You'll feel better tomorrow

Tomorrow I'm still your friend

So when you feel like it's all pretend
Then you look into my eyes
Just say, one true thing like you mean it and
Baby just look into my eyes

I bet you think it's better on the inside
There with them
We're better off outside looking back in
I know you think you're lost but you think again
When you look into my eyes

(Okay)
(Funky fresh)

Little star
I got you
I got you
You'll be OK
You'll be OK
