You say that I am all a girl like me could be
And you say that all that you need you find in me
And that feels good 'cause that is all a girl wants to
hear
But are you telling me this, baby, just to keep me near

My soul and all of my heart, I'll give to you
But my trust is something that I put in few
So baby, if you want it, all you've got to show me, baby
That what you say you're gonna do
Is something that will become reality

So will you love me, let's say it one year from now
And if you will, baby, can you tell me how?
'Cause I wanna know, I'm not gonna play the fool again
I wanna be more than just another girlfriend
Just another girlfriend, just another girlfriend

So this is it, this is where your choice has to be made
'Cause I ain't goin' no further if I don't know what's
ahead
But don't get me wrong, all I want is you to stay with
me, baby
Won't you stay with me, baby
But not here, not where we are today

So will you love me, let's say it one year from now
And if you will, baby, can you tell me how?
'Cause I wanna know, I'm not gonna play the fool again
I wanna be more than just another girlfriend

Will you leave or will you stay?
Will you stay another day?
Will you leave or will you stay?
Will you stay another day?

I gotta know

So will you love me, let's say it one year from now
And if you will, baby, can you tell me how?
'Cause I wanna know, I'm not gonna play the fool again
I wanna be more than just another girlfriend

Just another girlfriend, just another girlfriend
Just another girlfriend, just another girlfriend
