I go mental every time you leave for work
You never seem to know when to stop
I never know when you'll return
I'm in love with a robot

And then I'd call you up and
Wanna know when you're coming home
don't deny me, call me back
I'm so alone

And then I'd wait up for you
Even though you don't want me to
Go to bed, leave the lights on
what's the use

So you want to understand me
You just see what you want to see
there's no way I can help you out
You don't know what it's all about

Fell asleep again in front of MTV
God, I'm down at the bottom
No one's singing songs for me
I can't wait for tomorrow

When you're gone and rain starts falling
I just sit here by the phone
don't deny me, call me back
I'm so alone

Oh, when you gonna come home?
Ooooooh I just gotta know
When you gonna come home?
Oh

Baby I can't stand it when you go to work

You never seem to know when to stop
I never know when you'll return
I'm in love with a robot

And then I'd call you up and
Wanna know when you're coming home
don't deny me, call me back
I'm so alone
