You tell me some days you wake up
And you don't, you don't believe
Let's go climb the mountain
If that's what it takes you to see

How far together we have come
Through days of rain and days of sun

It's all around you
It's above and below you, it's everywhere you go
It's all around you, now
Never ever doubt it 'cause you never are without my
love, my love

If you need to see me cry
I'll fill the ocean blue
And if you need, really need to see me
Bleed I'll open up for you

But if you only need reminding
Let my smile just ease your mind

'Cause it's all around you
Above and below you, everywhere you go
It's all around you
Never ever doubt it 'cause you never are without my
love, my love
Oh, my love

Trouble follows trouble
If trouble's all that you choose to see
But faith just brings you more faith
We can make all the love we need

'Cause it's all around you
It's above and below you, it's everywhere you go
It's all around you
Never ever doubt it 'cause you never are without it

It's all, it's around you
It's above and below you, it's everywhere you go
It's all, it's all around you now

Never ever doubt it 'cause you never are without my
love, my love
Never without my love, my love
