"Make Love So Hard"

Trouble comes to our house
Every other week
First you and then me
With a tear on our cheek

Over and over the same mistakes
How many last straws till it breaks?
Oh, we make love so hard
We make love so hard

Scratching at the old wounds
Laying blame
Calling up the old ghosts
Taking names

Over and over the same mistakes
How many close calls can we shake?
Oh, we make love so hard
Oh, we make love so hard

It doesn't have to be this way
We've seen better days

Oh, we make love so hard
Oh, we make love so hard
Oh, we make love so hard
Why do we make love so hard?
Why do we make love so hard?
