Mommy help me
I can t hear
There is a pain
In my ear
I am afraid
And i need your love
And i love my mom

Mommy why
Are you really angry
I don t know
What is the matter with me
You make me cry
And i need your love
And i love my mom

Down in the cellar
Is a memory chest
Inside of it
Mom's wedding dress
I try it on
And i need your love
And i love my mom

I understand
As i get a little older
I can't always
Do what i'm told
I get a spanking
And i need your love
And i love my mom

Mommy
There is a boy down the street
He is making fun of me
I'm running home
And i need your love
And i love my mom
