Pink ballet slippers  
Two dollars for a pair  
Must have been made  
By the guy in the store  
They're strange  
On i don't care  
I'm gonna buy them  
They might be too small  
Lately while dancing i fall

Sweet ballerina  
Turns on her tiny toes  
He lifts her up and carries her  
How come i'm not one of those  
I do my dancing in combat boots  
I don't look good in a tu tu

O teacher  
Can you help me  
Get a kick out of these  
Pink ballet slippers  
Pink ballet slippers  
I wear em to sleep  
I wear em to dream

See you sew the elastic  
Neatly to the side  
Deep in a drawer bury them  
These shoes you gotta hide  
Only can wear em when nobody's home  
Or when you're talking on the telephone

O teacher  
Can you find me  
Somewhere to be pretty  
In my pink ballet slippers  
Pink ballet slippers  
I wear em to sleep  
I wear em to dream  
I wear em to sleep
