The time has come for me to speak  
Uh oh the time has come  
And while the silence picks on me  
I pray to not be dumb

So I am hunting for the words  
Just wait til I find some  
I need some syllables do you  
Know where to get them from

When I am in my house alone  
My speeches take a week  
But from my lips when you are near  
A sound will seldom leak

When I was a little girl  
I coined a mighty text  
Looking back I blush to hear  
What I'd come out with next

Is now the time for me to speak  
But what if they talk back  
O when I open up my beak  
I hope that I can quack

And if I do look out beware  
The truth is hard to take  
A and everything for all I care  
Can jump into a lake
