Your eyes
Your silly clever smile
Have had me on the edge of my seat all the while
So go wrap your car around the nearest pole
So everyone can see exactly what you mean to me

So take take take away everything inside
And leave me without the slightest chance in the world

These words, these simply awful lines
Have had you in the palm of my hand all the while
So go drown into the deepest of the seas
So everyone will know exactly what you mean to me

So take take take away everything inside
And leave me without the slightest chance in the world

I'm alone
And you're a liar
So tell me where did we go wrong?
'Cause I'm alone
And you're a liar
You keep me hanging on
You keep me hanging on

So take take take away everything inside
And leave me without the slightest chance in the world

Your lies
You're never coming back
You're never coming back
Don't do it for my heart
Don't do it for my love

What is this I've found?
Something new it seems
What are you doing here, my dear?
What is this I've found?
Something new it seems
What are you doing here?

So take take take away everything inside

And leave me without the slightest chance in the world
