Hung up on the phone
Leave me so alone
I go to school again
Where my trouble begins
Another night so hard
My life is made of disregard
Nothing is expected
I'm not so respected
Cause' it comes up to me
But no one even tries to see
They look me so below
With me surrounded by my foes
I may be a fool, but I atleast understand
I just go to school, no one wanna take my hands
Pretty disappointing, I gotta' road to hit
No one recognizes, then now kick it!

I live in a reality, where dreams don't come true
I live in boredom, when all I have is you
Sorry for the insult, but that's all I can do
I don't have the patience, to wait for a day
I don't have the belief, of what others say
Ages ago of me should've been much more fun
But in this 21st century, I don't wanna look up at the sun

Slam back on the door
Leave me on the floor
I reach home once more
What am I really living for?
Another day waits for me to rise
No, it just must be that I'm hoping for surprise
Nothing is exciting
I'm not all mighty
Cause' I'm not any hero
I start things all from zero
They look me so below
With me surrounded by my foes
I may be a fool, but atleast I am honest
My friends might be cruel, but I still stay modest
Pretty disappointing, they don't really want me
No one recognizes, oh man can't you see?

I live in a reality, where dreams don't come true
I live in boredom, when all I have is you
Sorry for the insult, but that's all I can do
I don't have the patience, to wait for a day
I don't have the belief, of what others say
Ages ago of me should've been much more fun
But in this 21st century, I don't wanna look up at the sun

I live in reality, in a dirty society
I live in boredom, everyone wanting freedom
Sorry for the insult, I know it's my fault
I don't have the patience, although I am the waiting
I don't have the belief, someone will gimme relief
Ages ago, there was no more before
But in this 21st century, people still live in sore

I live in a reality, where dreams don't come true
I live in boredom, when all I have is you
Sorry for the insult, but that's all I can do
I don't have the patience, to wait for a day
I don't have the belief, of what others say
Ages ago of me should've been much more fun
But in this 21st century, I don't wanna look up at the sun
I may be a fool, but atleast I understand
