I can't fight this feeling any longer
And yet I'm still afraid to let it flow
What started off as friendship has grown stronger
I only wish I had the strength to let it show

And even as I wander, I'm keeping you in sight
Your a candle in the window, on a cold dark winters
night
And I'm getting closer then I ever thought I might

And I can't fight this feeling anymore
I've forgotten what I've started fighting for
It's time to bring this ship into the shore, and throw
away the oars
Baby I can't fight this feeling anymore

My life has been such a whirlwind since I saw you
I've been running round in circles in my mind
And it always seems I'll fall in love with you girl
Coz you take me to the places that alone I cannot find

And even as I wander, I'm keeping you in sight
Your a candle in the window, on a cold dark winters
night
And I'm getting closer then I ever thought I might

And I can't fight this feeling anymore
I've forgotten what I've started fighting for
It's time to bring this ship into the shore, and throw
away the oars forever

Coz I can't fight this feeling anymore
I've forgotten what I've started fighting for
Even if I had to crawl upon your floor
Come crashing through your door
Baby I can't fight this feeling anymore

Ooooooooooh
