The more I think of you, and the longer I live  
The more I live, the more I see you  
The more I see, and the crazier I get  
It's so simple, I don't need to tell  
That the less I see, the longer I stay in hell

Now that the wind blows  
Let it take the rumor to where ever it wants to go  
To my mind, to your mind  
Whatever secrets we have behind  
So that when it comes across us  
I can see your, you can see my thoughts  
It's so simple, I don't need to think, it's natural

The more I think of you, and the longer I live  
The more I live, the more I see you  
The more I see, and the crazier I get  
It's so simple, I don't need to tell  
That the less I see, the longer I stay in hell

Fine, anything deceiving  
That I would be receiving  
I'll deny it, I don't need it, let it stay  
Until the day where I need to push you away  
And so I need to see your, you need to see my  
thoughts  
It's so simple, I don't need to think, it's natural

The more I think of you, and the longer I live  
The more I live, the more I see you  
The more I see, and the crazier I get  
It's so simple, I don't need to tell  
That the less I see, the longer I stay in hell

The more I think of you, and the longer I live  
The more I live, the more I see you  
The more I see, and the crazier I get (Crazier I get)  
It's so simple, I don't need to tell  
That the less I see, the longer I stay in hell  
So now I know how it goes  
Where ever it takes me, however the wind blows  
It's just that the more I see, and the crazier, crazier

Crazier that I'd ever get
