Curse me and hate me evermore
Cause' I deserve nothing from you but hate
I know apolozies are too late
And it's never trusted again
So give me all your hate (give me all your hate)
And can you stop talking to me
Cause' nothing seems okay with us anymore

I don't want to see you anymore
I don't know how I could say these words
I don't love you now, or ever after
I don't know how to stop my mouth

You can take this as my hate to you
And you can give me back as much as you want
I should be hated for all these things
Let me be alone once
Don't talk to me anymore

I don't want to see you anymore
I don't know how I could say these words
I don't love you now, or ever after
I don't know how to stop my mouth
Make me stop, you're never right
I don't love you, you'll never change
You'll think again that I really love you
But I don't, it's just those three words,

I don't want to see you anymore
I don't know how I could say these words
I don't love you now, ever after
I don't love you now (Push me away)
