I have no idea, why I repeat
The same mistake, and miss my beat
Inside a vicious circle, I can't runaway
Under my breath, I'll start to say

Every one around me is hatred
Every day I trusted and waited
(I hate them, I hate them I hate everything)
Every trust I had has faded
Every time I come around, life is so jaded
(I hate life, I hate life, I hate everything)

I always say, what I do not mean
It ends today, behind the scenes
Escape from circles that I've been running in
Days come, and soon they'll erase my sins
And soon, when they forget about me
At noon, when they regret to know me
Under my breath, I'll start to say

Every one around me is hatred
Every day I trusted and waited
(I hate them, I hate them I hate everything)
Every trust I had has faded
Every time I come around, life is so jaded
(I hate life, I hate life, I hate everything)

All I ever wanted was a handful of respect
Now I never trust anyone, I never accept
They don't forgive, they have no mercy
That's why I payback my pain, to be like me
All I do is live everyday embraced in gray
Now it's you and the whole world against me and say
All that I've done, all that I've become
Just to answer that, under my breath I'll say

Every one around me is hatred
Every day I trusted and waited
(I hate them, I hate them I hate everything)
Every trust I had has faded
Every time I come around, life is so jaded
(I hate life, I hate life, I hate everything)

Every one around me is hatred
Every day I trusted and waited
(I hate them, I hate them I hate everything)
Every trust I had has faded
Every time I come around, life is so jaded
(I hate life, I hate life, I hate everything)

Every one around me is hatred
Every day I trusted and waited
(I hate them, I hate them I hate everything)
Every trust I had has faded
Every time I come around, life is so jaded
(I hate life, I hate life, I hate everything)

It's never going to change
Never going to change!
