Sometimes I almost forget who I really am
Sometimes I almost regret what I've always been
Sometimes I feel like I've lost myself
Sometimes

I don't want to be anything like you
I don't want to be anyone that's cruel
That ends it up and starts it again
I want to be back to what I am
I want to take back what I have been
I don't want to be someone that has no blood
I don't want to be someone that erases their past
Cause' I'd rather be nothing than being you
I don't want to be just like you

Sometimes I want to throw myself away
Sometimes I want to know what I use to be
Sometimes I feel like I've lost the chance
Sometimes

I don't want to be anything like you
I don't want to be anyone that's cruel
That ends it up and starts it again
I want to be back to what I am
I want to take back what I have been
I don't want to be someone that has no blood
I don't want to be someone that erases their past
I don't want to be just like you
Don't want to be just like you
I want to be back to who I am
I want to be me, not you

Will I know who I really was?
Will I get out from this numbness?
I'd never be back to just like you
Cause' I'd rather be nothing than being you
(I'd rather be nothing than being you)
(Be myself!)

I don't need to help from you
I know I won't know who I am again
Than I'd start again this life

So I won't be anything like you
I'll just make up what I've lost
To be just like me
And not to be just like you

I don't want to be anything like you
I don't want to be anyone that's cruel
That ends it up and starts it again
I want to be back to what I am
I want to take back what I have been
I don't want to be someone that has no blood
I don't want to be someone that erases their past
Cause' I'd rather be nothing than being you
I don't want to be just like you

Sometimes, I feel like I know myself
Sometimes, it ends up so it can never start again
Sometimes, I feel like I can't go up
Sometimes,
Sometimes, I think I can't find back what I was
Sometimes, I think I'll never find what I am
Sometimes, I still know it's better than being you

Cause' I'd rather be nothing than being you
I don't want to be just like you
Just like you
