You shout at me, from the rooftops
Can't you see, you were my pride and joy
(Things are done, now I've got to learn to hate)

The tears on your face that you wore so well
I was the victim, I needed to go through hell
And now I stay, but I still can't understand
Why I'm trapped in a prison, in your sleight of hand

Now that I am here nothing to say
Do what you want, the scars still stay
(You were the only)

You shout at me, from the rooftops
Can't you see, you were my pride and joy
(Things are done, now I've got to learn to hate)
I need to learn, to hate

You take my hands and leave it there
From the agony left, but you never let the clare
You left me with my one last sigh
I needed to kiss myself goodbye

Now that I am here nothing to say
Do what you want, the scars still stay
(You were the only, only mistake)

You shout at me, from the rooftops
Can't you see, you were my pride and joy
Nothing meant to be right, from when I first met you
(Things are done, now I've got to learn to hate)
I need to learn, to hate

You shout at me, from the rooftops
Can't you see, you were my pride and joy
Nothing meant to be right, from when I first met you
(Things are done, now I've got to learn to hate)
I need to learn, to hate

[Solo]

You shout at me, from the rooftops

Can't you see, you were my pride and joy
Nothing meant to be right, from when I first met you
(Things are done, now I've got to learn to hate)
I need to learn, to hate

You shout at me, from the rooftops
Can't you see, you were my pride and joy
Nothing meant to be right, from when I first met you
(Things are done, now I've got to learn to hate)
I need to learn, to hate

I need to learn...
I need to learn, to hate
(Now that it's over)
I need to learn...
I need to learn, to hate
(Dear pride and joy)
I need to learn...
I need to learn, to hate
