The world is looking down on me
For a miss that anyone can make
It's not the worst mistake that could be
I can't trust this world, if it's fake

And my senses fall, while your heart calls
That's how I replace the holes I made
For all these things that I've done wrong

It's tearing out within me
It has started already no one can stop
I'll treasure memories before I forget them
Cause' I'm loosing my adrenaline (Loosing it)
Loosing all my adrenaline (Loosing all of it)
Help me up from being numb

If I had a chance to look down at you
It wouldn't be as feared as when you do so
It's just me, for you (me, for you)
But it's not enough, it never is

So help me up, from being so numb
I want to stay the same
Or they'll look down at me
They treat as if I was their clown
They kick me, and mock me every second I'm around

It's tearing out within me
It has started already, no one can stop
I'll treasure memories before I forget them
Cause' I'm loosing my adrenaline (Loosing it)
Loosing all my adrenaline (Loosing all of it)
Help me up from being numb
