(That's not what I mean
Oh never mind, I'll show you
Cause' I can't tell you here)

I want to get your attention,
But you're looking a different direction
Must be wrong some how
I won't say now
So can you tell me someday?

I'll say yes, yes yes
You'll say no, no, no
But it'll continue
At Mary Avenue
Where I can sit and talk with you
Every night, every light

I move around and come to you
While you frown and all assume
You know I have no intention
It's so sunny, how so funny?
No one laughs, I, stay inside the silence
Laughing alone

I'll say yes, yes yes
You'll say no, no, no
But it'll continue
At Mary Avenue
Where I can sit and talk with you
Every night, every light

At Mary Avenue
Where I can sit and talk with you
Under the stars, where I can sit and say the truth
Everytime I turn around, you were looking down
Somebody told me, I would try to doubt
If you could shout it out loud

I'll say yes, yes yes
You'll say no, no, no
But it'll continue
At Mary Avenue

Where I can sit and talk with you
Every night, every light

At Mary Avenue
Where I can sit, and talk with you
Every night, every light
Every sight, every right
Every wrong, but one more song
It's not going to repeat
(I'll go somewhere new
I'll go to somewhere new
Go, go, go, go on)
