When I was younger I had my voice
But ever since I'd lost my choice
It was a hard one, I needed to keep strong
It was a long one, that I always said was wrong
But now it's my turn, let me have my chance
All the pretty faces, all your enhance
Along with me, with the bliss
Along with me, the time I will not miss
Now we're starting a race with the time

Then I'll run off to a new place
Maybe from your given grace
Maybe it'll all repeat again someday
Cause' I'll need to push myself away
But I'm those monsters, there to crawl
I don't belong here, some where else
(How time flows, how it goes)

My slate, it should be gone
Like when the lights go out, when the sun goes down
It's just a regret, stopping me from moving along
It's something to forget, that I don't need till' it belongs
But now it's my turn, let me have my chance
All the piled up lies, the unneeded romance
Don't follow me, you'll soon see your end
Don't follow me, just stop to pretend
(Two isn't always better than one)

Then I'll run off to a new place
Maybe from your given grace
Maybe it'll all repeat again someday
Cause' I'll need to push myself away
But I'm those monsters, there to crawl
I don't belong here, some where else
(How time flows, how it goes)

Oh, oh, oh
I want to stop your bleeding heart
If I were a bit more smart (Oh, oh, oh)
Now where do you expect me to go
How should I know?
I need to follow the wind, where I believe

When I was younger I had my voice
But ever since I'd lost my choice
I'm just a monster, not the wise
I'll stay the same, while the wind cries

But I'll run off to a new place
Maybe from your given grace
Maybe it'll all repeat again someday
Cause' I'll need to push myself away
But I'm those monsters, there to crawl
I don't belong here, some where else
(How time flows, how it goes)

Oh, oh, oh
I want to stop your bleeding heart
If I were a bit more smart (Oh, oh, oh)
Now where do you expect me to go
How should I know?
I need to follow the wind, where I believe

You're in my mind now
I'd let you come if time allowed
Tonight, things are different
It was a hard one, I needed to keep strong
It was a long one, that I always said was wrong
I used to belong here, when I was younger
Now that I'm a monster, I'll let myself over
