It starts out so easily
It's no where that'll you see
The real world that can't be real
But I know thoughts can't decieve you

This can't be real (real!)
I'm seeing illusions
My mind's filled with confusion
I'm having a nightmare
Where salvation won't be there

It starts with one doubt
You try to figure it out
But you can't, you just can't, cause' it's real
And I know thoughts can't decieve you

This can't be real (real!)
I'm seeing illusions
My mind's filled with confusion
I'm having a nightmare
Where any light won't be there

Hush, I want to be back again
Rush, I wanna be back more faster
It's nothing wrong
It's just a nightmare
It needs to be
It just can't be real

Trapped in the unreal world
Wanna be back when I was bored
Would I be, would I be, this just can't be real
But I know thoughts can't decieve you

I know that this can't be real (real!)
I'm seeing illusions
My mind's filled with confusion
I'm just seeing my shadows
I don't need any hallows
Because this just can't be real (real!)
This just can't,
Just can't be real!
