I starr the clock tick another beat  
Empty days that still repeat  
The sun comes down, and nights hurt my scars

I want to know how far we've come  
But I guess it's long until it's done  
The wind blows, and time still goes

I've been fighting for no reasons  
Won't one sorry finish everything?  
Doesn't matter who you believe in  
I'll hold your hand when we fade  
So can't we be again, under the shade?  
Just open your eyes, like I know you  
If this ends, you're someone new  
Cause' you belong to me  
Wake up, and be what you're supposed to be

I've left today to a lonely heart  
Tomorrow is another start  
I'm fighting my heart, not to go to you

I'd believe in anything if this was true  
But I guess I can't find someone to replace you  
I'm writting a song, but I'll soon rip it away

I've been fighting for no reasons  
Won't one sorry finish everything?  
Doesn't matter who you believe in  
I'll hold your hand when we fade  
So can't we be again, under the shade?  
Just open your eyes, like I know you  
If this ends, you're someone new  
Cause' you belong to me  
Wake up, and be what you're supposed to be  
(Hey! hey! hey! hey! )

This is the first and last time, I'll listen to my heart  
Let's wash this way, and give another start  
I'll soon find a day, where I can be with you  
And if there was no day, who would of knew  
I'm giving on everything, just to be with you

I've been fighting for no reasons  
Won't one sorry finish everything?  
Doesn't matter who you believe in  
I'll hold your hand when we fade  
So can't we continue, to what we made?

Just open your eyes, like I know you  
If this ends, you're someone new  
Cause' you belong to me

You belong to me  
Whatever they want to say  
You belong to me  
Whatever they want to say  
You still belong to me  
For atleast today
