Little cuts won't hurt, but then the next will  
It'll cover me with pain, when it closes me in for kill  
You push me through, I'm always living on the edge  
We're starting again, at the thin end of the wedge  
Now what?

It's going to hurt, that's why I stop  
You're gonna hurt, I'll try to drop you  
I've heard you're part, but I never had a doubt  
I need to stop, whether if you're out or not

Now I'm screaming, and I don't know why  
I've learned before to walk, that there's no point to cry  
But it hurts, and hurts, it's coming under my skin  
It's bleeding me, bleeding you

Bitter words won't hurt, but the next will  
It'll cover my mind with distortion, it'll close me for the  
kill  
You push me through, I'm always living on the edge  
We're starting again, at the thin end of the wedge  
Now what?

(I don't want to die  
I don't want to die)

It's going to hurt, that's why I stop  
You're gonna hurt, I'll try to drop you  
I've heard you're part, but I never had a doubt  
I need to stop, whether if you're out or not

Now I'm screaming, and I don't know why  
I've learned before to walk, that there's no point to cry  
But it hurts, and hurts, it's coming under my skin  
It's bleeding me, bleeding you

It'll never stop bleeding me, bleeding you  
(X14)

And I'll start again, at the thin end of the wedge
