"Promise"

I can hear crying voices
All the times that I had wrong choices
I can't believe this is the end
I broke the promise, but I can't apologize
I lie here, as I hear them cry
Isn't this a lie, it can't be that I've died
All these things I've abandoned
I couldn't handle them before this expanded
I promised to finish them before I'm gone
I broke the promise, but I can't apologize
And now I don't know where to go
You can't see me, you won't know
I'm alive, in my heart, I can see you
It wasn't long, and my life isn't through
All these things I've abandoned
I've left them right beside me, until this ended
I said two is better than one, I depended
Now you lost a weight to carry, then why cry?
Isn't this a lie, it can't be that I've died
So many things I've forgotten
It's too late to regret

You can't see me, only in your heart
I wonder when, I can really start
Nothing's late when it comes to an end
I can hear crying voices
All the times that I had wrong choices
I can't believe this is the end
I broke the promise, but I can't apologize
I lie here, as I hear them cry
Isn't this a lie, it can't be that I've died
I'll close my eyes, and do as you say
I'll rest in peace, if that's the memories you want to
push away
I'll soon find myself in home
I'll soon find myself, where I'll stay and roam
But I know it's only here, but I close my eyes, as you say
I can hear crying voices
All the times that I had wrong choices
I can't believe this is the end
I broke the promise, but I can't apologize
I lie here, as I hear them cry
Isn't this a lie, it can't be that I've died
You can give me your hands
I'll grab them tight, as I follow you
Then I'll go complain and say what's wrong
All the choices that have come along
It covers me, and I hear crying voices

I can hear crying voices
All the times that I had wrong choices
And now I hear another voice
Saying "You won't be there, I'll see you again"
When I see you right there
I can hear crying voices
All the times that I had wrong choices
I can't believe this is the end
I broke the promise, but I can't apologize
I lie here, as I hear them cry
Isn't this a lie, it can't be that I've died
But tonight was the last night
And I ended alone
I started alone, kept the promise tight
But I broke it before time
And I close my eyes for the last time
It's too late to regret, or try to forget
I can't find my mind, I lost it behind
But tonight was the last night
And I never knew this right
I can hear your crying voice
I can hear you make the choice
And I can't stop you anymore
Can you hear my voice?
Love it or leave it

I decided to leave you

And I don't what to do

I've had enough, I've done so much

But I know it's not enough, I put myself in such

I closed my eyes, and I never open them again

But I can still see you, and I see you go in the rain

Your heart isn't broken, but the promise is broken

The promise is broken, I can't believe that this is the
end
