If you notice something wrong  
And tell me so I can make it come along  
Do you think I really hate you?  
If I say something hurting you  
And I say I'm out for someone else  
Do you really trust me?

You show me one frown  
I'm thinking things down  
Holding onto tears but I'm so weak  
Can't really show my thoughts you need to seek

Can you read my mind? (Yeah!)  
When I'm sitting down here waiting  
Can you read my mind? (Yeah!)  
When I cry and ask for your help  
Can you read my mind? (Yeah!)  
Do you know how lonely I am?

Can you read my mind? (Yeah!)  
When I'm sitting down here waiting  
Can you read my mind? (Yeah!)  
When I cry and ask for your help  
Can you read my mind? (Yeah!)  
Do you know how lonely I am?

I know you have something special  
You say what I want to say  
But then ignore what it means  
Saying it out is harder than it seems  
(You should know, if you can read my mind)

Can you read my mind? (Yeah!)  
When I'm sitting down here waiting  
Can you read my mind? (Yeah!)  
When I cry and ask for your help  
Can you read my mind? (Yeah!)  
Do you know how lonely I am?

Read my mind, from behind  
Read my mind, from beside

Read my mind, I know you can
