I'll just do this anyway, it's coming soon or later
I'm doing this without reasons, I'm going to end up the
same

I don't want to see you anymore
I want a reason to stay away
I don't want to be like before
If you want it, but you just don't say

I'll just do this anyway, it's the sorrow of the day
I don't even know why, but tomorrow will be okay
I don't want to see you anymore
I always want to know how to make you hate
I never ever want to let you know
I can't step back and tomorrow is much too late

I don't want to see you anymore
Now I need to explain how much I've hated you
I can't write back what I've said before
Now I need to remain find something else
I don't want to see you anymore....
I never want a reason to stay
