I lived my life like I always did
I made sure I don't spoil life
Made sure not to waste my time
And there's no way back
I made sure to stay near the sun
Made sure to hold on until I'm done
But there's no way out
People are moving much too fast for me

I lived my life just like everyone did
Didn't care whether if I was the star or not
I was satisfied with all that I've got
And I didn't want anymore
Didn't care if life was long, long or short
I was satisfied without any effort
But I stayed the same like before
Can you find a way out?

I never ever wished for
I didn't want anymore
I never even bothered
But I can't say no this time
I guess so
I don't know
Maybe, or definitely
Somewhere I'm wanting to be
A rock star
A rock star tonight
A rock star

I lived my life and it wasn't much pain
No one saw me as someone else
I was always me, I wanted to be myself
And things didn't need to change
No one knew what I had inside
I was always me, I didn't need to hide
But things started to change
People are moving much too fast for me

I lived my life never felt alone
I had good friends, they fit my ways

I was a plain guy, listened to whatever they say
And something must have needed to change
I had good ends, I had good starts
I was a plain guy, I had no holes in my heart
But what needed to, what needed to change?
Someone tell me, someone knows

I never ever wished for
I didn't want anymore
I never even bothered
But I can't say no this time
I guess so
I don't know
Maybe, or definitely
Somewhere I'm wanting to be
A rock star
A rock star tonight
A rock star

Yeah, did I need to change?
I never wished for this
I never even bothered
If I was a star or not
Didn't care what I got
My good friends
I guess so
I don't know
Maybe, or definitely
A reason, I'm believing
Save me, or negatively
I'm breathing, I'm still a human

I still can't catch my heart
Things are going too fast
As a rock star
A rock star
A rock star tonight
A rock star
A rock star
A rock star tonight
A blind light
A long night
I'm fighting for the sunlight
A wrong or right
A rock star
A true bizzare
Rock star
A rock star tonight
I'm fighting for the moon light
A rock star tonight
Don't mind, don't mind

I don't know, but I guess so...
As a rock star
Rock star tonight
