Every word you say
Every step you take
Every minute you stay
It's hurting me, in my mind
In my medication

Every secrets you whisper
Every thoughts you give me
Every day we had
Now it's hurting me, in my mind
In my medications

If it's worth my time
If it all ends now
If we had our chance to say it

There's no Romeo, nor a Juliet
There's no Romeo, not a Juliet
But we live like we have them

It's not my fault
Since I've took the blame
Everything has been crooked, about to fall
(X2)

If it's worth my time
If it all ends now
If we had our chance to say it

If there's no Romeo, there's no Juliet
If there's no Romeo, there's no Juliet
But we live like we have them

Every story that we've read
Every song that we've heard
Every time it's not the same
It was hurting me, in my mind
In my medications

If it's worth my time
If it all ends now
If we had our chance I would have said it
