(Who do you like? Why should I tell you?
Now get on your bike, here's something new)

Whatever you ask, there's never any answers
Taking off the mask, is something worthless
I'm not gonna' say it, I'll just tell ya' some lies
Though inside, something's pressing me to tell
When I know aside, that's gonna' make them ring the
bell
Nothing is easy, but nothing's too hard
Love isn't easy, it's just like those house of cards

Oh, check one, check two, and nothing's new
No, check done, check gone I'm left without you
Someone told you, I've heard it all before
I never tried to doubt, just tell myself alright, alright
I told'em not to shout, but my future ain't bright, ain't
bright
And I tried my best to look so unsuspecting, and here's
the results
Oh, check one, check two, and nothing's new
No, but the fact that it's done, it's gone cause' you
already knew

(Why do you like her? She ain't that good
Atleast it's better, and I'll knock on the wood, wood,
wood)

Whenever we see, but we face back just to ignore
They're just like a bee, their the walls to get to you
I'm not gonna' tell them, anything about these days
Though inside, it just doesn't feel good without
someone else
And just beside, there's someone I can trust so well
It's easy to say it, but it's harder after
I give up and say it, I'll just say "It doesn't really matter"

Oh, check one, check two, and nothing's new
No, check done, check gone I'm left without you
Someone told you, I've heard it all before
I never tried to doubt, just tell myself alright, alright
I told'em not to shout, but my future ain't bright, ain't

bright

And I tried my best to look so unsuspecting, and here's
the results

Oh, check one, check two, and nothing's new

No, but the fact that it's done, it's gone cause' you
already knew

Oh, but check three, check four and I just can't ignore

No, but check be, I'll check for someone I can trust
evermore

So, check me, check before that someone decides to
betray for

Me, check see, check floor, and I'll be lying there, but
you'll ignore me

(So who do you like now? I'm not gonna' tell

And the next day, somehow they know so well)
