Can't you see, you must be blind
Can't you see, I'm right behind
Can't you see, you must be blind
Can't you be, right in my mind
Can't you see, you must be blind
Can't you see, I'm right behind
Can't you see, you must be blind
Can't you be, right in my mind
Can't you see, you must be blind
Can't you see, you were never kind
Can't you see, you must be blind
Can't you see, I'm right behind
Can't you see, can't you be beside me

Watch her go, you see her back
You see her there, she can't see you
You see her hair, it's always black
I don't really know, if it is true
You told me everything, as she pasts by
She won't speak, she would just give smiles
You're so cold, that's what she tried to say
You hate you're weak, but that won't change your frost

Can't you see, you must be blind
Can't you see, I'm right behind
Can't you see, you must be blind
Can't you be, right in my mind
Can't you see, you must be blind
Can't you see, I'm right behind
Can't you see, you must be blind
Can't you be, right in my mind
Can't you see, you must be blind
Can't you see, you were never kind
Can't you see, you must be blind
Can't you see, I'm right behind
Can't you see, can't you be beside me

See her smile, but it's not for you
She hates you, and you still like something
I think you knew, this is the time, that you call is blue
Your blood runs wild, but you can't take her ring
And I'll tell you something, if you don't try to argue

She won't speak, not even one goodbye
You're so cold, that's what she tried to say
You hate you're weak, but that won't change your frost

[SOLO]

Can't you see, you must be blind
Can't you see, I'm right behind
Can't you see, you must be blind
Can't you be, right in my mind
Can't you see, you must be blind
Can't you see, I'm right behind
Can't you see, you must be blind
Can't you be, right in my mind
Can't you see, you must be blind
Can't you see, you were never kind
Can't you see, you must be blind
Can't you see, I'm right behind
Can't you see, can't you be beside me
