Trying to find you  
Out of a thousand clues I've got  
And I still can't find you  
But you know I try to take my best shot

Tell me where you are, I give up  
I don't want to be apart, without you  
I got so far, I know the time is never up  
But I feel like running in circles, nothing new

I never said I hate you  
I never meant anything bad  
Nobody will want nothing new  
The truths I've bent, all that I've ever had  
Maybe this is what I get, what I deserve  
(I won't believe, I won't believe)

Nothing matters, nothing will change  
I was just running, without my mind  
If I said any flatters, if you wanted me to change  
Why didn't you say, with the plans behind  
All I wanted was you to shout it out loud to me  
(Shout it! Shout it! )

If I have anything left to say, anything for you  
I want you back, I want to say one more sorry  
I'm running in circles, I'm chasing the shadows of you  
I want you to look back, I'm tired to follow, be worried  
I wanna come as how we started

I never said I hate you  
I never meant anything bad  
Nobody will want nothing new  
The truths I've bent, all that I've ever had  
Maybe this is what I get, what I deserve  
(I won't believe, I won't believe)

And if you tell me no  
What else can I say, how will I know?  
Then it's game over, I've lost a goal  
It's just a story, that wasn't supposed to be told  
It's just a glory, if it wasn't too old
