Trying to find what's right

Inside all the lies I have made

Loosing light from my weakening sight

Where memories start to fade

I see things wrong

I don't belong

Where I stand with disgrace

This life is wrong

Things don't belong

I have nothing to replace

[Chorus]

I don't want to think

That I'm about to sink

I don't want to fall and lose it all

I know I'm going down

Before I come around

I'm going to sink

Trying to know what you wanted of me

Inside all the mistakes I HAVE made

Throwing myself from whatever I could've been

Lost under the memories to fade

I see things wrong

I don't belong

Where I stand with disgrace

This life is wrong

Things don't belong

I have nothing to replace

Everything is just wrong now!

[Chorus]

I don't want to think

That I'm about to sink

I don't want to fall and lose it all

I know I'm going down

Before I come around

I'm going to sink

Everything has lost its weight

Everything has made itself so wrong

So wrong

I don't want to think

That I'm about to sink

I don't want to sink (To lose it all)

I don't want to fall (To lose myself)

I don't want to lose anything at all (Anything, anything!
)

I just think everything's wrong now (Wrong, wrong!)

When I'm just confused and don't even know how (I
don't know how)

But still I don't want to think

That I'm about to sink

And fall to lose it all (Lose it all)

I don't want to sink

And lose it all (Lose everything)

I don't want to lose anything at all (Anything, anything!
)

I don't want to sink
