It's another day
That felt so same
Like yesterday
What should I blame?

Should I blame my life?
Should I blame my ways?
Or should I blame all the wasted days?
Should I blame myself?
Should I blame what I'd done?
Or Should I blame everything under the sun?
I don't care what you say
All I've gotta do is start today

Is this right?
Am I going the right way?
I hope it's alright
I need it to be okay

Don't look back
To the path I've past
It's painted black
It seemed so fast
Should I even blame?

Should I blame my life?
Should I blame my ways?
Or should I blame all the wasted days?
Should I blame myself?
Should I blame what I'd done?
Or Should I blame everything under the sun?
I don't care what you say
All I've gotta do is start today
Should I blame this path?
Should I blame this past?
Or should I blame this road I've passed?

I don't want to blame (blame)
Whatever makes this shame (shame)
I don't want to know (know)
It's going to bring me low (low)
All I care is just to start today (start today!)

It's another day
That felt so same
Like yesterday
But I've lost a way to blame
I feel under depression (Wanted to know what I gotta'
blame)
But I had no intention to blame (What do I need to
blame?)
I'd just wondered for one moment (What I need to
blame)

Should I blame my life?
Should I blame my ways?
Or should I blame all the wasted days?
Should I blame myself?
Should I blame what I'd done?
Or Should I blame everything under the sun?
I don't care what you say
All I've gotta do is start today
