I don't know who to rely on  
Someone that won't be annoyed  
I don't want to put my lies on  
It's just so that I won't destroy  
You're trust

But every time I try to get back to life  
All I ever think is how I can stay away  
And I'm always trying to show something to you  
And I'm never me, never what I'm supposed to be

Stay away, and never trust  
Some other day, I'll wipe off my dust  
Stay away, I'm the pest  
The worst you say, is all of my best  
Don't ever try to stand  
Don't think I'll find someone that will understand  
Stay away, and never trust  
I'm not okay, so please just  
Stay away

I don't know what I was born with  
Everyone is stepping behind one step  
I swear I won't go, I swear not to trust myself  
I'm throwing away what is left  
You're trust

But every time I try to get back to life  
All I ever think is how I can stay away  
And I'm always trying to get closer to you  
And I'm lying too, but I think you already knew

Stay away, and never trust  
Some other day, I'll wipe off my dust  
So stay away, I know the best  
Fade away, no one wants a pest  
So stay away, leave out the rest  
Throw this to say, that I have nothing left  
Stay away, and never trust  
Hold behind, and never stand  
Cause' I'm to put you in ruins

I'm trying to lie to get closer to everyone and  
Trust

I'm not yours  
No!!!!  
Stay away, and never trust  
Some day I'll wipe off my dust  
So stay away, please don't care  
The words you say, the smiles you wear  
Don't mean a thing for me anymore  
Stay away, and never trust  
Some day I'll wipe off my dust  
My dust  
I'm not yours  
Stay away!  
I'm not yours  
No!!!  
No!!!  
No!!!  
Stay away!
