Yesterday was a pity
You told me when to come back here
I know, it was nothing
I've left you there, now I'm back
We're faced each other down
Let me say before you come around

When you're time is gone
Just come here
And can you make it clear?
It might not be what I want
Or anything that I've seen
Anything, anything
I tried so hard, and when I gave up, I saw
After all, I guess you're my sunshine

Now today was the day
For me to say, what I think
How did it, end up like this
Throw away what I gave you
It might be one throw for you
Let me say before you come around
With your tears you wear so well

When you're time is gone
Just come here
And can you make it clear?
It might not be what I want
Or anything that I've seen
Anything, anything
I tried so hard, and when I gave up, I saw
After all, I guess you're my sunshine

I guess you're my sunshine
You'll rise for me, but never fall down
Now how will I see tomorrow
Like everyday? Will it be so sad
Will you lighten my life, if you're the sunshine?

When you're time is gone
Just come here
And can you make it clear?

It might not be what I want
Or anything that I've seen
Anything, anything
I tried so hard, and when I gave up, I saw
After all, I guess you're my sunshine
After all, I guess you'll be my sunshine forever
